

# Convenience Store

General retail operations do not have special licensing at the state level; however, they must comply with local regulations (check with the City Clerk). Retail Stores are required to collect and remit Sales Tax to the Missouri Department of Revenue (*see below*).

## Legal Structure

Anyone conducting business in the State of Missouri under a name other than their own legal name (e.g., John Doe), must register the business name with the Missouri Secretary of State. Missouri law allows businesses to operate under four forms or organization:

- sole proprietorship
- partnership – general and limited
- corporation – C-Corp; S-Corp; Professional, Not-for-Profit; Foreign
- limited liability company – LLC

Each structure has its own advantages and disadvantages and there are many modifications and variations within these forms. The key to selection revolves around the concept of liability and taxation. You must decide which of these structures best suits your business. In choosing your business structure, consult with a qualified accountant and/or attorney who are familiar with your resources and objectives.

A description of the forms of organization and some of the advantages and disadvantages are discussed in *Starting A New Business In Missouri*. You can download forms on the web at: <http://www.ded.state.mo.us/business/startabusiness/legalstructures.shtml> or contact the Secretary of State's Office at (573) 751-3200.

## **Taxes**

Understanding the taxes that apply to your business and how to meet the legal requirements of those taxes is critical. Consultation with an accountant or attorney is advisable.

Tax considerations are essential during the formation of a new business and during its entire life. When a business is just starting out, it may have little or no income or assets and the choice of structure may not seriously affect its tax liability. However, as the business grows, the tax implications become more significant.

Choosing a particular structure does not necessarily determine how the business will be taxed. The table found on page 26 of *Starting A New Business in Missouri* identifies the state and federal forms that must be filed for different business structures and compares the tax liabilities for the most common business structures.

Tax responsibility includes federal, state and local taxes. As a business owner you will be responsible for income taxes, payroll taxes, property tax and other miscellaneous taxes.

Any business making retail sales must obtain a Missouri Retail Sales License from the Missouri Department of Revenue. A bond, based on projected monthly gross sales is posted at the time of application. An application form (Form #2643) can be obtained from the Dept. of Revenue on the web at <http://www.dor.state.mo.us/dorforms.htm> or by calling 1-800-877-6881. Generally, a wholesaler or manufacturer will present a Sale/Use Tax Exemption Certificate (Form #149) to the seller showing the sale is exempt from sales tax.

For more information on taxes and access to printable copies of the required forms visit: <http://www.ded.state.mo.us/business/startabusiness/business taxes.shtml>

## **Hiring Employees**

Obtain a "Business Tax Kit" and a copy of "Circular E, Employer's Tax Guide" from your local IRS office or call 1-800-829-3676. "Circular E" explains federal tax withholding and Social Security tax requirements for employers as well as containing up-to-date withholding tables for you to use to determine how much federal income tax and Social Security tax is to be withheld from each employee's paycheck.

### **What Is Involved?**

- Once you begin paying salary or wages to employees, you must collect taxes from your employees. The primary taxes are: federal and state income taxes, Social Security (FICA) and Medicare taxes.
- If you have not already done so, you must apply for a federal employer identification number (EIN) -- Form SS-4. This number is used to identify your business on payroll and income tax returns, as well as for other federal tax purposes. Corporations and partnerships must file Form SS-4 even if they have no employees.
- Have each employee complete an I-9 Employment Eligibility Verification Form and a W-4 form.
- Missouri require that all employers in Missouri report each newly hired employee to the Department of Revenue within 20 calendar days of hire.

For more information on your responsibilities as an employer, please contact Missouri Division of Employment Security (573/751-3215) or your local Workforce Development Career Center (formerly Job Service).
